# SANTORINI

Santorini, part of the Cyclades in Greece, has a history dating back to the Bronze Age (circa 3000 BCE). The Minoans thrived on the island until the catastrophic volcanic eruption around 1600 BCE, leading to the formation of a caldera. Enchanting Greek island located in the Aegean Sea, captivates tourists with its breathtaking scenery, white-washed architecture, and volcanic black sand beaches. Famous for its iconic sunsets, Santorini boasts an abundance of natural beauty, unique experiences such as winetasting on celestial vineyards, daily cruise tours and archaeological sightseeings.

## Location

Our location is in Kamari, a coastal village in the southeastern part of Santorini. Situated approximately 8km away from Fira and five-minute drive from the airport, the village got its name from a small arch (Kamara) remaining from an ancient sanctuary dedicated to Poseidon.
